Nakshatra is the term for lunar mansion in Hindu astrology. A nakshatra is one of 27 (sometimes also 28) sectors along the ecliptic. Each nakshatra is further subdivided into quarters (or padas). You possess considerable magnetic power and you can use it for good or for ill. How you do use it depends entirely on your own desires. Fortunately, you are usually able to control your actions for good and the result is that your magnetic power sheds a beneficial influence on others. You are large in mind and large in heart. You are ready to help others. You know the value of happiness and know how to obtain it but you will never get happiness at other's cost. In fact, you devote your energies towards securing happiness for others. You are sympathetic, hard-working, generous and friendly but are quick to be aroused. When you become angry, you lose all control and make assertions for which you will be sorry later on. So, try to have better self-control.

Career

You are authoritative and stubborn in your business life. You must be the leader than the follower. Try to look at problems objectively, and do not make decisions just because you are obstinate, as this could be your biggest bottleneck to achieving job happiness and success.

Occupation

You have, above all, a facility for putting thoughts into eloquent words. Thus, you would do admirably as a journalist, a lecturer or even as a traveller salesman. Never would you be at a loss for something to say. This quality would fit you for a teacher also. But, when your impatient moods overtake you, you would fare badly. In almost any occupation requiring quick thinking, you will succeed very well. But, it must not be monotonous work or you will prove an utter failure. You like change and variety, so that any job which takes you up and down the country or to some far-flung outpost, will be suitable for you. You will fare better as your own master than when working for somebody else. You want to come and go when you like and, to be able to do this, you must be your own master.

Health

You have a good constitution. You possess a considerable amount of vitality and it will be preserved well into old age, if you take plenty of outdoor exercise. But, this can be easily overdone. Should you exceed a reasonable amount, trouble will manifest itself in the breathing apparatus and will lead to bronchial diseases. You are liable to attacks of sciatica and rheumatism after 45 years of age. It will be difficult to assign a reason for these attacks, but manifestly they are due to exposing yourself too frequently to the night air.

Hobbies

You set rather a high value on your leisure and begrudge losing any part of it when a rush of work comes along. Your aim is to spend as much time as possible in the open air, which is, of course, highly wise of you. You are not a lover of strenuous games. But, such pastimes as walking, rowing, fishing and nature study are more in keeping with your ideals.

Love Matters

You never forget friends. Consequently, you have a large circle of acquaintances, many of them speaking a foreign tongue. From among this large circle you will choose a partner, if you have not already done so. Usually, the choice will surprise those who know you best. You will marry and be comfortable. But, marriage will not be everything to you, as it is to most people. Other diversions will be there with it and take your interests away from the home. Should your partner endeavour to curb this inclination, it may lead to a possible rupture.

Finance

You are not likely to be lucky with partners in business. You will be more likely to be architect of your own fortune than receive much help from others. But, there is no reason for you not to eventually succeed and even become wealthy. In matter of finance, your quick-witted clever brain will give you great opportunities. At times you are likely to be very rich and at other times the reverse. When you have money you will be extravagant, when without it you can adapt yourself to the lowliest sphere. In fact, the greatest danger is that you are by nature too adoptable to others as well as to conditions. If you made the effort to hold your nature in check, you would easily become a success in whatever enterprise, industry or work you became associated with.

|| Manglik Details / Mangal Dosha ||

Generally Manglik Dosha is considered from the position of Lagna and Moon in the birth chart.

In the birth chart, Mangal is placed in Ninth house from Lagna, while in the Moon chart Mangal is placed in First house.

Hence Mangal Dosha is not present in Lagna Chart while present in Moon Chart.

Mangal Dosha is considered to create hurdles in the married life of a person. According to some, Mangal Dosha results in frequent illness or ultimately death of partner(s).

It is considered that if a manglik person marries to another manglik person then the manglik dosha gets cancelled and has no effect.

Some Remedies (in case Mangal Dosha is present)

Remedies (needs to be performed before marriage)

Kumbha Vivah, Vishnu Vivah and Ashwatha Vivah are the most popular remedies for Mangal Dosha. Ashwatha vivaha means the marriage with peepal or banana tree and cutting the tree after that. Kumbha Vivah, also called Ghata Vivaha, means marriage with a pot and breaking it after that.

Remedies (can be performed after marriage)

1. Keep Kesariya Ganapati (Orange coloured idol of Lord Ganesha) in worship room and worship daily.
2. Worship Lord Hanuman by reciting Hanuman Chalisa daily.
3. Mahamrityunjaya paath (recitation of Mahamrityunjaya mantra).

Remedies (based on Lal Kitab, can be performed after marriage)

1. Feed birds with something sweet.
2. Keep ivory (Haathi Daant) at home.
3. Worship banyan tree with milk mixed with something sweet.

Note: We strongly recommend you to consult an astrologer before performing these remedies by your own.

Shani Sade Sati: Rising Phase

This is starting period of Shani's Sade Sati. In this period Saturn will be transiting in 12th house from the Moon. It generally indicates financial loss, problems by hidden enemies, aimless travel, disputes, and poverty. During this period, you may face problems created by your hidden enemies. Relationship with your colleagues will not be good enough and they will create problems in your work environment. You may also face challenges on your domestic front. This may create pressure and tension. You need to exercise control over your spending otherwise it will lead to bigger financial problems. Long distance travels may not be fruitful during this period. Saturn's nature is of delay and dejection, but generally you will get results eventually, so be patient and wait for your turn. Take this period as learning period, put your hard work and things will fall in place. You are advised not to take high risks in business matters in this period.

Shani Sade Sati: Peak Phase

This is the peak of Shani's Sade Sati. Generally this phase of Saturn is the most difficult one. Saturn transiting over natal Moon indicates health problems, character assassination, problems in relationship, mental afflictions, and sorrows. You will find it difficult to achieve success in this period. You may not get results of your hard work and feel restricted. Your constitution and immune system will not be strong. As first house is the house of health, you should start exercising and taking care of your health, otherwise you can be caught by chronic diseases. You may suffer from depression, unknown fear or phobia. You will lack clarity in thinking, action, and decision making. You will be spiritually inclined and will be attracted by intricacies of nature. Acceptance and doing basics right will sail you out of this period.

Shani Sade Sati: Setting Phase

This is 'setting' period of Shani's Sade Sati. Saturn will be transiting in the 2nd house from the natal Moon, which indicates difficulty on financial and domestic front. You will start feeling slight relief after having two difficult phases of Sade Sati. Still, misunderstandings and financial stress can be seen during this period. Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. You may be pessimistic in thinking, you are advised to deal with matters enthusiastically. You will require paying good attention to family and personal front, otherwise those can also lead to a bigger problem. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

Note: Above predictions are of general nature and are based on general belief that Sade Sati is harmful. Truly speaking, we found that it is not always the case and we recommend reading this article on Sade Sati. Any conclusion based on Sade Sati alone is not correct and has good chances of failing. Certain factors like current running dasa and nature of Saturn also need to be analyzed before we can conclude whether Sade Sati period will be malefic or benefic. You are advised not to take above forecasts seriously and in case of any doubt, consult a good astrologer.

Kalsarpa Dosh/Yog

As per the current definition, when all planets are situated in middle of Rahu and Ketu in birth-chart or horoscope, the astrologers call it Kalsarp Dosh. In present days, discussions about this dosh are vogue among Jyotishi or Hindu Astrologers of India. Many of troubles in one's life are mostly because of Kalsarp Dosh. Without analyzing other areas of astrology, most astrologers, in fact, accept kalsarp dosh is main root of problems. But the reality is this that if all planets are well posited in horoscope, kalsarp dosh will not be harmful, and can be supportive to beneficial results endowed by good positions of planets. Kalsarp dosh is inauspicious when positions of planets are unfavorable in one's horoscope. Therefore, it is not wise to fear hearing just about 'Kalsarp Dosh'. It is in fact always better to reach on remedies only after consulting jyotishi for deep analysis on negative influences of Kalsarp dosh. Interestingly, influence of kalsarp dosh is different in different people. Because influence of kalsarp dosh is based on points-which sign is posited in which house, and what other planets occupied that house, what are their influences and so on.

|| Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
